

2024 Seattle Wedding Show Height Restrictions Approval Form

Exhibitors with exhibits that exceed 8' in height or want to have a tent or fabric covering their booth must complete and submit this form for approval. After management approves your display plan, an approved copy will be sent to you. The approved form must be posted in your booth until show opening.

Please refer to the show floor plan for booth height legend for the maximum height restriction for your booth location before applying for a variance. <https://weddingshow.com/s/floorplan.pdf> If any part of your booth is approved to exceed the 8' height limit and can be seen from the adjacent aisle way, you will be responsible for back draping with white drapery from the show decorator at your expense. Intent: If a portion of a display extends above 8' high, the exhibit booth background may detract from the exhibit directly behind or next to that booth.

A complete packet of Display Guidelines rules and Regulations is available here:
